🎯 Career Objective

Motivated and detail-oriented PHP Developer with 1 year of hands-on experience in building dynamic web applications using PHP, Laravel, and MySQL. Passionate about clean code, problem-solving, and delivering robust backend systems. Seeking to join a dynamic team where I can grow and contribute to impactful projects.

🔧 Technical Skills

Languages: PHP, JavaScript, HTML5, CSS3

Frameworks: Laravel, NextJs , TailwindCss(anti-design , mui)

Databases: MySQL, SQLite, SqlServer

Tools: Git, Composer, Postman

Other: REST APIs, MVC, OOP, JSON, AJAX, cPanel

Dev Tools: VS Code, XAMPP/Laragon, phpMyAdmin

📋 Work Experience

Junior PHP Developer

Freelance / Small Agency — Cairo, Egypt

June 2023 – Present

- Developed and maintained Laravel-based web applications for small businesses.
- Built admin dashboards with role-based access using Laravel Breeze and Spatie Permission.
- Integrated Paymob payment gateway for online transactions.
- Worked with APIs to fetch and display data dynamically.
- Used Git for version control and GitHub for project collaboration.
- Debugged and fixed bugs, optimized queries and improved performance.

Key Projects:

- E-learning Platform: Course enrollment, student dashboards, exams, payment integration.
